Web Developer

Full stack web developer specializing in MERN stack

A Full Stack Web Developer specializing in the MERN stack (MongoDB, Express.js, React.js, and Node.js). With a strong foundation in HTML, CSS, and JavaScript, I excel in creating dynamic and responsive web applications. I am currently looking for an internship or entry-level job to collaborate with other developers and hone my skills.

Core Competencies

- Front-End Web Development
- Back-End Web Development
- No-Code Web Development
- User Experience Design
- Attention to Details
- Problem Solving
- Rapid Learning
- Adaptability

Professional Experience

AMAL ACADEMY Lahore, Pakistan
Education startup funded by Stanford University that teaches professional skills to students and corporations
Career-Prep Fellow: July 2022 – October 2022
- Communication: Completed a competitive written application and interview process to be selected from over 6500 applicants for intensive 3-month Fellowship funded by Stanford University
- Skills development: Investing 150 hours in order to develop business skills (e.g., communication, leadership, problem solving, teamwork, etc.) that will help me make a deeper impact on the job
